Invitation

Dear Colleagues,

On behalf of the Organising Committee it gives me great pleasure to invite you to attend the **45th MSPTM Annual Scientific Seminar** which will be held at the **Grand Seasons Hotel, Kuala Lumpur, on the 18-19th of March 2009**.

The theme of the seminar is "**The Impact of Animal Hosts on Disease Transmission and Public Health**". Animal hosts are implicated in the transmission of numerous emerging and re-emerging diseases that pose serious threats to public health. Changes in the zoogeography of animals, in tandem with habitat conversion and climate change has significantly influenced the transmission pattern of diseases, especially in the tropics. The world today is challenged with numerous zoonotic diseases, of which there remains a paucity of fundamental knowledge.

We hope that this 45th Annual Scientific Seminar will provide a platform for researchers, clinicians, academicians and veterinarians to disseminate current research findings and recent advancements in human, veterinary and zoonotic diseases. The council hopes you will accept our invitation to participate in the forthcoming seminar. We also look forward to meet our local and overseas members at the forum. The registration fee is nominal to make it affordable for everyone. See you at the 2009 MSTPM Seminar. "Selamat Datang to Malaysia, Malaysia Truly Asia"

Assoc Prof Dr S Vellayan
President 2008-2009
